

HS Code FAQ

- 1- Is HS code requested on all mode of transport Import/Export/Transit?
 - Import and Transit and Export
- 2- What is the date of compliance from the carriers to the HS code regarding shipments to UAE?
 - NAIC plan to introduce a mandated requirement once we have ensured with NAIC's partners that the process is working smoothly and efficiently without any interruption on the supply chain.
- 3- How many digits of the HS code is required?
 - 6 digits.
- 4- The HS code should be reported in the house and master?
 - HS code to be reported on the house air waybill level. For direct shipment, HS code to be reported on AWB level.
- 5- How NAIC expect the reporting of the HS code on consolidated shipments?
 - Regarding Consolidation shipment, HS code to be reported on the house air waybill.
- 6- There is limitation in the CIMP for the HS code section, how NAIC expect the carrier to handle it?
 - C-IMP limitation is accepted for the current phase and any future requirements will be communicated to the operators.
- 7- Goods Description Text in the master should include?
 - For AWB handling consolidation shipments, the goods description must include "Consolidation".
 - For AWB handling Direct shipments, actual goods description must be mentioned in the AWB.
